

Critical Information Policy

Information About The Service

uConnected allows members to divert calls from a landline, 1300 number or 1800 number to an Australian phone number within a scheduled time. It functions as a prepaid call forwarding service. For calls to forward and services to remain active, members must pay for their service monthly in advance. Members may choose a new number or bring their own.

Additionally, members with compatible devices can use the uConnected mobile app for outbound calling.

Charges & Usage Alerts

Members receive SMS & email notifications as allocated minutes are consumed and are also notified when they reach their monthly limit. Additionally, members can visit dashboard.uconnected.com.au to track their usage at any time.

Overseas Usage

uConnected may be unable to forward calls when the endpoint phone is outside of Australia or without reception. If the endpoint mobile is unavailable, calls will instead forward to uConnected voicemail, with messages left being delivered via email. Calls forwarded to Australian mobiles being used overseas may incur additional costs from the device's carrier.
